# FOREWORD

We extend our thanks to the North Carolina Central University School of Law alumni who have made the directory program a success by sending in their personal information, voluntary contributions, and information about “lost” alumni. Your participation and support have made this book possible.

The directory is divided into four sections. The primary listing is alphabetical, followed by class year, area of practice, and geographical cross-references.

In the alphabetical section, alumni are listed by last name, followed by class year, area of practice, undergraduate college attended and degree, professional and/or residential information, and additional graduate college attended and degree. Professional and residential information may include postal addresses, phone numbers, and e-mail addresses, as available. When both professional and residential information is listed, the professional information is listed first. “Lost” alumni are indicated by “Address Needed.”

Throughout the directory, married alumnae are listed by their current name with their maiden name following in parentheses. Maiden names are also alphabetized in the first section for easy cross-referencing.

In the class year cross-reference, alumni are listed alphabetically within graduation year.

In the area of practice cross-reference, alumni are listed alphabetically under their area of practice, if available.

In the final section, the geographical cross-reference, alumni are listed under state and city, followed by foreign nations.

Alumni for whom we do not have a current address are listed in the alphabetical and class year sections only. Deceased alumni are also denoted by a “\*” in the class year section.

Please send address updates to: NCCU School of Law, Alumni Relations Office, PO Box 1431, Durham, NC 27702 or e-mail [lawalum@wpo.nccu.edu](mailto:lawalum@wpo.nccu.edu).

# INTRODUCTION

Dear Alumni:

We are very pleased to provide this 2003 Directory to all members of the North Carolina Central University School of Law Alumni Association. As you are aware, the Alumni Relations Office has been working with University Publishing Corporation of Bloomington, Indiana for nearly a year to produce this Directory.

Approximately 2,100 alumni with “good” addresses were contacted by mail and asked to update their information for the Directory. Second and third mailings were sent to alumni who did not respond the first time in an effort to get information as current as possible. More than 300 alumni contributed financially to this project, for which we are thankful.

It should be noted that the year listed with alumni is most often the year they completed their coursework, even though their degree may not have been conferred until the next year (this was the case before the University had December graduations). Also, we occasionally listed alumni in the Directory with the class with which they entered, figuring that those graduates would have the most ties with those classes.

We believe you will find the Directory a useful tool for networking, referrals, and getting in touch with classmates.

Sincerely,

James E. Rogers  
President, Alumni Association  
NCCU School of Law

Lydia E. Lavelle  
Director, Alumni Relations Office  
NCCU School of Law
